Section 1. Introduction

This Agreement is entered into between the Board of Education on behalf of the City and Borough of Juneau School District, to be referred to as the Board, and the Juneau Education Association, to be referred to as the Association.

In the event of a conflict between the provisions of this Agreement and provisions of the Board's Policy Manual, the provisions of this Agreement shall control and the conflicting language in the Policy Manual shall be deleted.

Article 11

Personnel Changes

Section 1. Transfers

Transfers, whether voluntary or involuntary, are defined as movement between buildings.

A. Voluntary Transfers and Reassignment

Recognizing the desirability of filling vacancies and new positions from within the District's own certificated staff, meeting instructional requirements, promoting the best interests of students, and supporting the goals of the school system; the following policies shall be followed when requesting transfers and selecting teachers for transfer into vacant or new positions:

1. Certificated employees within the building in which there is an opening shall be given first option for that opening.
2. District certificated employees shall be given preference when applying for positions within the District.
3. Budgetary reasons shall not be valid reasons for denial of an employee's transfer between buildings.

4. Teachers who have completed two hundred ten (210) working days are eligible to apply for transfers. Long-term substitute time does not count toward the 210 days. The time requirement may be shortened by the Superintendent in cases where a transfer is considered beneficial to the District. Teachers who desire to transfer for the following year must submit a request in writing to the Personnel Office by April 30.

Any position opened after August 15 will be subject to the requirements of Section 1 (A). Currently employed teachers selected to fill the opening will do so only at the beginning of the following school year, unless the immediate transfer is approved by the District. In the interim, the position may be filled by a new hire who will be required to vacate the position at the end of the current contract year.

A teacher may withdraw an application for transfer without prejudice for consideration of future transfers.

5. When a vacancy or new position occurs, the Director of Human Resources will notify the Building Administrator who will form a transfer team within five days. The transfer team shall consist of District employees including the Building Administrator and a minimum of two teachers from the affected grade level(s), team(s), Department(s) or program area(s).

The transfer team may add specific qualifications to the required job qualifications list provided by the Director of Human Resources. The job announcement, including the comprehensive list of qualifications, will then be posted within the District for 7 working days. A copy of this announcement will be sent to the Association President.

6. The transfer team shall review transfer requests to determine those who are qualified and interview those who meet the qualifications. Qualifications shall consist of experience, formal training, certification/endorsements, length of service, and other qualifications identified in the specific job announcement. The role of the team will be to make a selection based on these qualifications, and program and District staffing considerations. The Building Administrator will review previous evaluations as part of the decision making process. The transfer team's decision will be forwarded to the Superintendent and will be followed unless the Superintendent demonstrates a compelling reason to the candidate that supersedes the criteria and decision of the team.
7. If no transfer requests for the position are received within the 7 day period, or as soon as the Director of Human Resources is notified that none of the teachers requesting transfer are qualified, the position will be advertised to the general public.
8. Teacher-initiated transfers may be denied for reasons relating to affirmative action goals only under the following conditions:

A minority applicant is newly hired for the position or placed in the position from his/her current placement on the RIF list;

The vacancy which would be created by the potential voluntary transfer would have been in an area for which no minority applicant on file or the RIF list is certified to hold; and,

The list of minority applicants and their qualifications will be provided to JEA for verification purposes.

9. In the case that a transfer has been denied because the resulting vacancy cannot be filled by a qualified candidate, the teacher denied a transfer for this reason will be granted the position at the beginning of the next school year. If that position no longer exists, then the teacher may be placed in a comparable open position. In the interim the position may be filled by a new hire who will be required to vacate the position at the end of the current school year.

B. Involuntary Transfers

Notice of an involuntary transfer or reassignment for the coming year shall be given to certificated employees as soon as practicable and not later than May 15.

If, because of extraordinary circumstances, an involuntary transfer becomes necessary after May 15, or during a current school year, the certificated employee involved shall be given fourteen (14) calendar days, exclusive of holidays, notice before the transfer occurs, and shall be given up to seven (7) working days of in-service time to prepare for the new position. Any required retraining shall be at District expense.

No position shall be filled by means of an involuntary transfer until the provisions under Voluntary Transfers have been exhausted. Any certificated employee who is involuntarily transferred for the following academic year, shall be the least senior employee in the affected elementary building or in the case of secondary, in the department.

An involuntary transfer shall not be a device to give out-of-favor certificated employees any less desirable assignment. No involuntary transfer shall be used as a disciplinary action.

An involuntary transfer will be made only after notification, in writing, from the Superintendent of reasons for the transfer. After such notification the Superintendent shall meet with the certificated employee upon his/her request. Said meeting shall be scheduled within seven (7) calendar days after the notice, at which time the employee may request reasons for the transfer be placed in his/her personnel file, and may request a Board hearing on the matter. The Board shall schedule a meeting with the teacher within seven (7) calendar days of the request for a hearing.

Certificated employees who have been involuntarily transferred shall be informed of positions that become available in the District and may request the positions, in order of preference, to which they desire to be transferred.

Section 2. Certificated Employee Exchange and Job Share

Job exchanges and job shares may be permitted by the Superintendent for the purpose of meeting the professional and personal needs of certificated employees in circumstances in which such arrangements serve students and promote the delivery of a quality educational program.

A. Proposals for job exchanges and job shares must:

1. be initiated by the participating certificated employees,
2. be submitted to the Superintendent in writing prior to April 15,
3. include signatures verifying the approval of the participating certificated employees and the affected principal(s)/supervisor(s), and
4. include a statement specifying the duration of the proposed agreement.

- B. A job exchange agreement shall be for a duration of one (1) year or two (2) school years and the certificated employees shall return at the end of that time to the positions which s/he left.
- C. A job share agreement must provide a:
1. description and location(s) of the positions to be shared,
 2. definition of each partner's proportion of the FTE, salary, insurance benefits, and leaves,
 3. description of how the duties of the position will be shared by the partners, and
 4. statement of which partner will retain the right to the position should either or both of the parties elect to not continue the job share. (Each job share participant shall return to his/her previous full-time equivalency.)

Section 3. Building Closures

In the event of a building closure, where any reduction in enrollment does not result in a reduction in staff, then no certificated position in the affected buildings shall be declared vacant except in cases of voluntary transfer, retirement, leave of absence, death, or resignation. The certificated employee in the closed building shall have a one time only first option for any vacancy in the District for which s/he is qualified.

Section 4. Reductions in Certificated Personnel

Reduction in Force (RIF) shall occur according to the following procedure which is in the order of priority:

- a. The reduction in force will be accomplished through normal attrition.
- b. All emergency certificated employees shall be RIFed first provided there is a certificated employee available to fill the position.
- c. No tenured certificated employee shall be RIFed until all non-tenured certificated employees have been RIFed.
- d. Notwithstanding a. through c. above, no certificated employee shall be assigned or returned to a position for which they are not qualified on the basis of training, experience and/or endorsement.
- e. Reduction in Force will occur according to the reverse order of seniority (last hired, first laid off).

Section 5. Seniority

Seniority shall be defined as total years of continuous service to the District, including approved leaves, as computed from the first date of work under the certified employee's approved contract that initiated continual employment. Employees who resign from the District employment shall retain their seniority dates if re-employed within sixteen (16) months.

Ties in seniority date shall be resolved as follows:

- (1) the date the employee was recommended for hire, according to District form #007 (for newly hired employees beginning with the 2004-2005 school year) or the date the employee signed the employment contract (for those employed prior to the 2004-2005 school year). The employee with the earliest date shall be most senior:

(2) if a tie exists, the certificated employee with the greatest number of semester hours beyond the Bachelor Degree shall be most senior.

Seniority shall continue to accrue for any certificated employee while on an authorized leave.

A certificated employee on approved leave shall be treated, for the purpose of a RIF, with the same consideration and seniority rights as if s/he were currently employed by the District. His/her notice, if required, would have to be given at the same time as other certificated employees who would be RIFed.

Section 6. Rights of RIFed Certificated Employees

A RIFed certificated employee shall have the following options:

- a. Take a leave of absence for no more than two years with no loss of seniority. An employee on RIF status can apply for and receive a leave of absence at any time prior to receiving a recall notice.
- b. Continue full health and life benefits at his/her expense for up to one (1) year or as may be required by statute.

Except as provided for in Section 1 (A) 7, no new certificated employees shall be hired until all RIFed regular certificated employees with recall rights have been recalled or decline the opening. Such recall shall be based on seniority.

A RIFed certificated employee shall be offered a position for which qualified, for the percent of FTE held at a time of the reduction in force.

A RIFed certificated employee shall not lose his/her place on the seniority list by refusing a position in a specialty category as stated in Appendix A.

Notice of Recall shall be sent by certified mail to the address provided to the District by the employee. The employee shall have five (5) week days, excluding holidays and weekends, from the receipt of the certified letter to accept the offer of reemployment. If the offer of reemployment is declined or if the District has not received timely notice of acceptance, the teacher shall be removed from the Recall List and shall forfeit all rights under this section. It is the responsibility of the RIF'ed employee to keep the District apprised of current contact information.

Article 12

Academic Freedom

It is the intent of the parties to assure that teachers enjoy academic freedom in the District. Academic freedom shall mean that certificated employees are free to present instructional materials which are pertinent to the subject and level taught, within the outlines of the appropriate course content and within the planned instructional program as determined by normal instructional and/or administrative procedures. Academic freedom shall also mean that teachers shall be entitled to freedom of discussion within the classroom on all matters which are relevant to the subject matter under study and within their area of professional competence, assuming that all facts concerning controversial issues shall be presented in a scholarly and objective manner and assuming that all discussion shall be maintained within the outlines of appropriate course content, be pedagogically justifiable, and be subject to standards of good taste.

It is the intent of the parties that this Article shall not apply to routine differences of opinion or disagreements among the faculty or between the faculty and the administration regarding curriculum, methodology, selection of materials, or conduct of classroom teaching and shall not apply to criticisms and critical analysis resulting from the normal evaluation of classroom teaching performance, but shall be utilized only to process claims that academic freedom as defined in the paragraph above has been clearly and positively breached by some specific, definitive act or order of the Administration or Board.

Article 13

Non-Discrimination

The Association and the District agree that neither shall discriminate against any person on the basis of race, creed, color, national origin, gender, family, age, marital status, disability, sexual preference, or membership in the Association.

Each certificated employee's personnel file shall contain the following items:

- required training documentation
- letters of reprimand

Letters of reprimand shall be filed in the employee's personnel file in a timely manner. Unsubstantiated allegations and other complaints that do not result in a formal reprimand shall not be placed in the personnel file.

Copies of all annual evaluation reports and other materials to be placed in the certificated employee's file will be forwarded to the employee, and the employee will be afforded the opportunity to attach his/her comments.

It is recognized that the evaluator in the evaluation process may need to maintain an anecdotal record in order to aid the evaluator in the evaluation process. Such material kept beyond the completion of the annual evaluation shall be placed in the personnel file subject to the conditions of this article. An employee may request that such material be removed from the employee's personnel file and returned to the employee at the end of thirty-six (36) calendar months.

Confidential references and information originating outside the District obtained by the District in the process of evaluating the teacher for initial employment shall not be available for inspection or response by the non-tenured teacher.

Article 15

Disciplinary Action for Just Cause

No certificated employee shall be disciplined, suspended, formally reprimanded, or demoted without just cause. It is not the intent of the parties to limit the application of AS 14.20.170.

Formal reprimands will result in a written record being placed in the employee's personnel file.

An employee may request that formal reprimands be removed from the employee's personnel file and returned to the employee at the end of thirty-six (36) calendar months if there has been no recurrence of a like nature.

Article 16

Article 18

Sick Leave

Section 1. Sick Leave

Sick leave may be taken by a certificated employee for personal injury or illness or for illness within his/her or spouse's immediate family, which requires the attendance of the employee or when his/her presence on the job could jeopardize the health of fellow employees or students. Immediate family is defined as parent, parent-in-law, brother, sister, husband, wife, son, daughter, grandparent or person with whom one has had association equivalent to these family ties.

Sick leave is cumulative and shall be accrued at the rate of twelve (12) days or ninety (90) hours per school year. Sick leave shall be credited to the certificated employee at the beginning of the school term.

Certificated employees shall be allowed to use accumulated sick leave for life threatening illness in the immediate family and up to fifteen (15) days sick leave for death in the immediate family. This leave may be extended upon approval of the Superintendent.

If a certificated employee's illness is in excess of the number of days sick leave/sick leave bank to which s/he is entitled, s/he shall be paid the difference between the cost of a substitute and his/her daily salary, provided the employee returns to duty within (20) teaching days after using his/her accumulated sick leave/sick leave bank.

The District shall abide by State law in regard to sick leave transfer. AS 14.14.107 (b):

"A certificated school district employee who changes employment from one school district to another, or from a school district to the Department of Education, or from the Department to a school district, may transfer all of the cumulative sick leave to the new employer. Section 2. Sick Leave Bank

A Sick Leave Bank will be established to enable a certificated employee (because of unusual circumstances) to receive up to, but not more than twice (2) the number of sick leave days s/he has credited to him/her at the first day of the school year, or 24 days, whichever is the greater. A copy of approved leave shall be submitted to the District's Personnel Office.

In order for a teacher to draw from the Sick Leave Bank, a teacher must contribute at least one (1) day to the Bank during the first thirty (30) calendar days after commencement of services or during the open enrollment period which shall be the month of October. It shall be the responsibility of the Association to administer the Sick Leave Bank. The total number of days donated and the names of donors shall be reported to the District's Business Office by the Association as needed, but not later than the 21st of the month.

No assessment shall be made unless the number of sick leave days falls below one hundred (100) except for new members.

A teacher, at his/her discretion, may donate sick leave or personal leave days directly to another teacher who has exhausted his/her sick leave and is not otherwise eligible to draw from the sick leave bank. Such donations may only be made to a teacher whose necessary absence from work results from an illness or injury to the teacher or a member of the teacher's immediate family. The donation must be approved by the Superintendent or Superintendent's designee; approval shall be withheld only if the receiving teacher does not qualify under this section.

Article 19

Personal Leave

Each certificated employee will be entitled to five (5) days personal leave annually, the first of which will be paid by the District and four (4) of which shall be less the cost of a substitute's pay.

Personal leave will be prorated for those teachers working less than a full-year.

Personal leave is non-cumulative. The Superintendent, in special circumstances, may allow waivers to the above restrictions.

When the teacher's absence due to personal leave is to be more than two (2) consecutive days, the teacher shall be expected to consult with the unit administrator, or, at the administrator's request, with the substitute, to discuss instructional plans.

Article 20

Association Leave

Section 1. NEA-Alaska/NEA Office Leave

Any professional employee elected to an office in NEA-Alaska or NEA which requires his/her full-time absence from the District will be granted Association Office Leave at his/her request. This leave will normally be for an entire teaching year.

During the period of leave, the employee will receive the salary s/he would normally receive while performing his/her teaching duties; including all rights of tenure, retirement, advancement, and any other rights s/he would normally receive. In return, the School District will be reimbursed by JEA for the salary and benefits paid to the employee. This section of the Agreement will take effect only upon the receipt by the District of a binding agreement from JEA that these funds will be reimbursed by those organizations.

Upon completion of the Association Office Leave, the employee is guaranteed the same or equivalent position to the one s/he left.

Section 2. JEA Leave

The Board shall provide the Association a base of fifteen (15) days of Association Leave, plus one (1) day of Association Leave for every ten (10) Association members, or thirty-five (35) days, whichever is greater. - C. Time limits - All time limits herein shall consist of work days excluding legal holidays. The number of days indicated at each level should be considered a maximum, and every effort should be made to expedite the process. Time limits may be extended by mutual agreement provided the applicable time limit has not already expired.

Section 2. Procedure

The parties acknowledge that it is usually most desirable for an employee and his/her immediate supervisor to resolve problems through free and informal communications. Application of time limits begins when such informal communications fail to satisfy the employee. Should such informal processes fail to satisfy the employee within fourteen (14) days of the initial communication, then a grievance may be processed as follows:

- Step 1. The employee shall present the grievance in writing within thirty (30) days, excluding summer vacation, after the aggrieved person knew of the act or condition on which the grievance is based. The supervisor must provide the aggrieved certificated employee with a written answer stating alleged violation, all pertinent information and rationale supporting the response, on the grievance within four (4) days after the meeting. Each party shall have the right to include in its representation such witnesses and counselors as it deems necessary to develop facts pertinent to the grievance, and this right shall apply to each succeeding step in the grievance procedure.
- Step 2. If the grievance is not resolved at Step 1, then the aggrieved shall refer the grievance in writing, stating alleged violation, all pertinent information, and the supervisor's response to the Superintendent or his/her official designee within six (6) days after the receipt of Step 1 answer. The Superintendent shall arrange for a meeting with the aggrieved to take place within seven (7) days after his/her receipt of the appeal. Upon conclusion of the meeting, the Superintendent will have seven (7) days in which to provide his/her written decisions to the aggrieved.

Step 3. If the grievance is not resolved at Step 2, then the aggrieved shall refer the grievance in writing, setting forth the nature of the grievance, all pertinent information, and the basis for appeal from the decision of the Superintendent to the President of the School Board (copy to Superintendent) within five (5) days after receipt of the Step 2 answer. The President of the School Board shall, within five (5) days, appoint a panel of three (3) members to conduct a hearing within the (10) days. All information used as evidence in the grievance shall be made available to both parties. The hearing shall be informal and technical rules of evidence will not be observed. The hearing may be in private, whenever it involves consideration of matters that are required to be confidential by law. In other situations, the hearing shall be held in private at the option of the employee, to the extent permitted by the Alaska Open Meetings Act. A tape recording of the hearing shall be made. Upon conclusion of the hearing, the panel shall present their findings and make recommendation to the Board. A decision will be rendered at the next regular Board meeting. The aggrieved shall be given a decision in writing from the Board within six (6) days after the next regular School Board meeting or twenty-one (21) days following the hearing, whichever is first. Such statement shall contain a brief summary of the Board's findings and the conclusion reached.

Step 4. If the grievance is not resolved at Step 3, the grievance at the discretion of the Association may be submitted to an arbitrator within forty-five (45) days, excluding summer vacation, of the receipt of the response of the Board of Education.

The Arbitrator will be selected according to rules of the American Arbitration Association. The grievance will be resolved according to the rules of the American Arbitration Association. APPENDIX H
Extra Duty Assignment Pay Schedule

Appendix I

Horizontal Movement Criteria

Section 1.

The primary purpose of education steps on the salary schedule is to encourage teachers to engage in education activities which might predictably benefit the District by:

- a. resulting in improvement of the teachers' performance of their professional duties in the district, or
- b. preparing teachers to assume different educational duties within the District, or
- c. enhancing the probability of interdisciplinary cooperation and interaction by improving teachers' awareness and knowledge of fields outside of their major field(s) of specialization, or
- d. improving teachers' performance as coaches or advisors of extra duty assignment activities, or
- e. improving teachers' general educational background.

Section 2.

Credits granted by the college to a teacher after June 29, 1991, will be accepted according to the following criteria:

Courses in education, or courses that are directly related to that teacher's educational role in the District shall be allowed.

Credits from courses that would otherwise have been allowable shall not be disallowed because the teacher's educational role was changed after enrolling in the course(s).

Section 3.

When a teacher has been admitted into a college degree program in a field within the scope of Section 2, all those credits from courses required or recommended by the college or the teacher's college advisor for completion of the degree program shall be allowed.

Credits from courses recommended or required for completion of a degree program that would otherwise have been allowable shall not be disallowed because the teacher's educational role was changed after being admitted to the degree program.

Section 4.

An education plan, that may include preparing a teacher for a different educational role, may be approved by the Superintendent. Credits from courses taken pursuant to an educational plan that has previously been approved shall be allowed.

Section 5.

Credits granted by colleges to teachers prior to June 29, 1991, shall be accepted upon submission in accordance with the Negotiated Agreement for July 1, 1988 through June 30, 1990.

Section 6.

A teacher may, but is not required to, request the Superintendent to approve in advance, credits from a specific course or groups of courses. Such requests shall be made to the Superintendent's Office. The Superintendent or his/her designee shall deliver to the teacher a statement of approval or disapproval together with reasons for the disapproval not more than fourteen (14) calendar days after receipt of the request. If no decision is delivered within fourteen (14) days, the request shall be deemed to have been approved.

Section 7.

Upon submission to the Superintendent's Office of notice of additional credits obtained, the Superintendent shall determine allowability of credits in accordance with the relevant sections of this article. Teachers shall be encouraged to support allowance of credits to assist the Superintendent in determining allowance.

The Superintendent shall deliver to the teacher a statement of this determination within (14) calendar days of notice by the teacher, except that whenever this determination would lead to denial of movement on the salary schedule, the statement of determination shall be delivered within seven (7) days.

Teacher's individual contracts shall be amended in accordance with Article 37, Sections 2 and 3 to reflect college credits obtained.

Official college transcripts shall be accepted as evidence of credits obtained. The Superintendent may accept other evidence, such as grade reports, at his/her discretion when official transcripts have been requested, but have not yet been received.

Teachers shall be encouraged to submit additional information such as college descriptions when the information contained on the transcripts is insufficient to determine allowance of credits into the proper categories.

In the absence of such additional information, the Superintendent shall treat the course as being in the field suggested by the Department name. For example, EDUC 121 would be accepted as a course in education; HIST would be accepted as a course in social studies, etc.

Section 8.

The Committee established shall continue to exist for the duration of this Negotiated Agreement.

After the Committee's purpose has been fulfilled, the committee shall serve to articulate intent, suggest improvements to the Agreement and its functioning and to function as an appeal board. The Committee's purview in the above matter shall be limited to Sections 1 through 10 of this Appendix.

The four teacher members, the two administrative members, and the one Board member, or appointee, may be replaced by the Association, by the Superintendent, or by the Board, respectively. The parties recognize the desirability of maintaining a reasonable degree of continuity on the committee and of choosing, where possible, members representing a wide variety of educational roles.

Section 9.

The teacher may appeal the decision of the Superintendent to the Appeal Board within seven (7) working days of the Superintendent's denial.

The Appeal Board shall meet within fourteen (14) working days during the academic school year with the teacher in a closed session.

The appeal Board will render a decision in writing within three (3) days. That decision is binding.

Section 10.

A course shall be considered to be directly related to a teacher's education role whenever the course:

- a. is broadly in subject area taught by the teacher (for example - history, geography, political science, courses, etc., for a social studies teacher; or physics, chemistry, biology, fisheries science, geology courses, etc., for a science teacher);

or,

- b. is in a subject which is generally considered necessary for the understanding of a subject area taught by the teacher (for example - drafting for an industrial arts teacher; or mathematics for a science teacher);

or,

- c. acquaints the teacher with practical applications or careers which use, to a substantial degree, knowledge from a field taught by the teacher (for example - journalism for a language arts teacher, science courses for a mathematics teacher, courses which survey careers in appropriate fields);

or,

- d. develop skills which are used in conveying information or skills to students (for example - courses in speech, writing, drawing, audio-visual media, etc.);

or,

- e. better prepares the teacher to interact with students to accommodate their psychological needs (for example - courses in psychology, counseling, human relations);

or,

- f. prepares the teacher to deal with problems of health or safety (for example, first-aid courses);

or,

- g. otherwise is directly related to the teacher's educational role in the District, including improving performance as coaches or advisors of extra-duty activities as assigned pursuant to Article 10.
